## NeoSystems Appoints Debra Franklin Principal Consultant

Vienna, Virginia/January 14, 2009 – NeoSystems Corp., a managed service provider delivering accounting and financial services to government contractors and non-profit organizations, today announced that it has appointed Debra Franklin as Principal Consultant.

Ms. Franklin will direct consultative programs that provide assistance in such areas as software planning, installation and initialization; system optimization analysis; on site training; and other services. NeoSystems' Consulting Services support Deltek's Costpoint®, GCS Premier® accounting systems, and an array of other tools. This and other NeoSystems' practices ensures that clients are able to meet the growing and complicated number of government accounting regulations and protocols, while also performing accounting functions efficiently and in a high quality manner.

Prior to joining NeoSystems, Corp. Ms. Franklin had served as Director, Global Services for Deltek, Inc. During her nearly 10-year tenure at Deltek Ms. Franklin supported and assisted government contractors on an array of accounting, taxation, and business IT challenges. Her responsibilities included providing consultative software services sales; tracking and managing the implementation of sophisticated financial services software and educating clients about business tools and best operating practices.

Ms. Franklin's more than 25 years of professional experiences includes serving as Managing Partner of an accounting firm which she founded and served at for six years. She earned a Bachelor of Science in Business and a Master of Business Administration from California Coast University. She also earned the Internal Revenues Service's license as an Enrolled Agent, enabling her to professionally represent her clients in matters relating to taxation.

Commenting on the appointment, Michael Tinsley, President and Chief Executive Officer of NeoSystems said, "Debbie Franklin is a highly accomplished executive who is very aware of the array of business challenges that government contractors face. She has been a leader in helping to significantly improve the operations and financial management efficiencies of government contactors and is very aware of the issues and challenges in this marketplace."
